Past performance and any forecasts made are not indicative of future performance of the Funds. Where applicable and contemplated in the prospectus of a Fund, the Fund may invest in financial derivatives as part of its strategy, and a material portion of the returns may be generated from financial derivative strategies. In such scenarios, the Fund will be subject to risks associated with such investments as further detailed in the prospectus. Additional risk factors are described in the prospectus. Investments in the Fund are subject to investment risks, including the possible loss of the principal amount invested. Such activities may not be suitable for everyone. Value of the units or shares in the Fund and the income accruing to the units or shares, if any, may fall or rise.
